Number	Quantity	Description	Width	Height	Notes
1	1	Printed Backlit Fabric Graphic Panel	830mm	1045mm	SEG

Note: Please note that the artwork size provided includes bleed so no further bleed is required to be added to these sizes. Some of this bleed will be cut away during fitting so it is important to keep all important text and images in 100mm from all edges of the artwork border. Exact trim sizes will be supplied when we proceed with production.

Hardware Size
780mm

Graphic Preparation Guide

Note - Nomadic Display have produced this artwork guide to help you prepare your files for printing. The sizes shown are not the final cut sizes as some custom graphic panel sizes can only be determined by measuring the hardware when the stand in produced in manufacturing. Please contact us if you have any queries.
